VOLUNTEER TIME VALUED AT
\$6.45 BILLION

The dollar value of time volunteered by Americans is now estimated at a record-high \$64.5 billion a year.

This amount was computed by Independent Sector, who based its figures on the results of its commissioned 1981 Gallup Survey on Volunteering, including the number of persons involved in volunteer activity, the hours of volunteering done per year and the dollar value of the hours by education level.

The resulting total of \$64.5 billion is 50 percent higher than the amount individuals contribute in actual dollars to the causes of their choice. In 1980, for example, giving by individuals was \$40 billion. Thus, the combination of contributed time and dollars by individuals was approximately \$105 billion.

To gain an even fuller picture of the size of philanthropic and voluntary activity in this country, IS added to that total the amounts contributed through bequests and by corporations and foundations, and the total of other income received by voluntary organizations, such as government grants and tuition fees.

In 1980, bequests totaled \$2.86 billion, corporate contributions were \$2.55 billion, and foundations were \$2.40 billion. On that basis, the total of all contributions, including individuals, was \$47.74 billion. All other income to voluntary organizations, such as user fees and government grants, was approximately \$80 billion. Thus, the total income of voluntary organization in 1980, including the dollar value of volunteer time, was \$192 billion.

Our Appreciation to Mr. H. Earl Hoover, who provided us with this magazine article.

SUPPORT SERVICE

Effective April 1, 1982, Joe Sedlacek has been promoted to Program Director.

Joe is a 27-year career veteran of the Boy Scouts of America, having served in many key positions with the Chicago Area Council since 1962.

Joe will be responsible for training, advancement, activities, the Boy Scout Committee, and other special assignments delegated by the Director of Support Services.

RANGER STAFF

EDWARD J. HOOLEHAN, Head Ranger at Owasippe Scout Reservation since 1979, has been promoted to the Professional-Technical position of Director, Property and Development. In this capacity, Ed will have increased responsibility for the year-round management and continue development of the Owasippe facilities and properties.

DONALD E. STUDAVERN, Head Ranger at Camp Kiwanis for most of his 19-year tenure as a member of the Council's Camp Property team has been promoted to the position of Director of Maintenance and Operations of both Kiwanis and Fort Dearborn Scout Camps. In this position Don will have big responsibility for the Council's on-going relationship with the Forest Preserve District of Cook County, the continued upgrading and development programs for both camps, and the Supervisor of the Ranger at Camp Fort Dearborn.

NEIL S. WOODS, Head Ranger at Hoover Scout Reservation since 1979, has been promoted to the position of Director, Maintenance and Operations of the Hoover facility at Yorkville. In this capacity, "Woody" will have an increased level of responsibility for the management of Hoover's continuing programs of renovation and construction, as the Council enters into a "Full-Steam" development of a major outdoor adventure facility for the Cub Scout and Webelos Scout programs.

FIELD SERVICE

Phil Jones - Effective March 9th, Phil Jones became a paraprofessional, serving in the Southwest District. Phil comes to this position after serving successfully as an ATI Scoutmaster. He is presently enrolled in college and anticipates receiving his degree in the near future.

FUN, ADVENTURE, AND ACTION

Under the very capable and outstanding leadership of Monte Newman, General Chairman of our 1982 Camporall, all Cubs, Webelos, Scouts, and Explorers will participate in an action-packed, adventurous and fun activity. The Camporall will depict the fun and adventure of Scouting's outdoor activities at its best.

Highlights will include hiking, camping, competitive events, a big show, mini-shows, recognitions, gigantic kite fly, a fantastic Skill-o-rama; all underscored by the brotherhood and fellowship that Scouting provides. For all of these reasons and others, we feel this will be our largest and best Camporall ever. As adult leaders, we must make sure that all members have an opportunity to participate.

The council conducts this massive program opportunity for several reasons, chief among them are for a boy to see and recognize the bigness of the movement he is involved in. Also for the experience or inter-troop, patrol, den, and individual competition which will be at its best, and a very appealing aspect of a boy's life. He will have an opportunity to rub shoulders with and make new friends from

inner city to suburbia, and also with handicapped youngsters. They will have an opportunity to publicly demonstrate their skills and abilities. The skill events, such as the Skill-o-rama, will provide boys an opportunity to perfect various Scouting techniques. He will also feel a sense of pride in the display of uniforms, which builds group solidarity and loyalty to each other and our program.

The Camporall will have a special appealing factor for packs, troops, and posts to organize a strong new member recruiting program with new recruits attending the Camporall. Adult leaders, parents, and guests will participate in a very inspiring program which could not be generated in any other way. Henry A. Johnson Camperships are available upon request for both participation fees and transportation.

A special Scout Salute and note of appreciation is extended to Monte Newman, WMAQ, Channel 5, staff and our overall Camporall Committee for an outstanding effort. This experience will be one that our youngsters will be talking about for a lifetime.

REGISTER NOW.

Recently, Edward C. Jacobs, Scout Executive, was appointed by Governor Thompson to serve on a commission to study children's services in the State of Illinois and develop various priority programs for the Governor to consider. Subsequently, the Governor also appointed him a Chairman of one of four divisions of the study, which deals with youth alienation.

The Alienation Sub-Committee is currently studying youth suicides, drug use, truancy and school vandalism, juvenile arrests, and detention and institutional alienation.

Other sub-committees will deal

with child and family life, children's health, and mastery of skills. The commission is a cross-representation of citizens throughout the state, which includes approximately fifteen people. The commission's work is projected to be completed by calendar year end 1982.

An important part of the overall research will be based on a study conducted by the School of Social Service Administration of the University of Chicago, called "The State of the Child," which includes a series of research projects developed over an extended period of time.

SKILLORAMA BOOTHS

All the world's a stage, and the Camporall is no exception. This year's Camporall (June 4 through 6, Hoover Scout Reservation) will again feature the Skillorama, at which Explorers can showcase their achievements.

At the Skillorama, Scouting groups will design and man booths that display their activities. Explorer posts are invited to set up booths, to show others what their post does throughout the year.

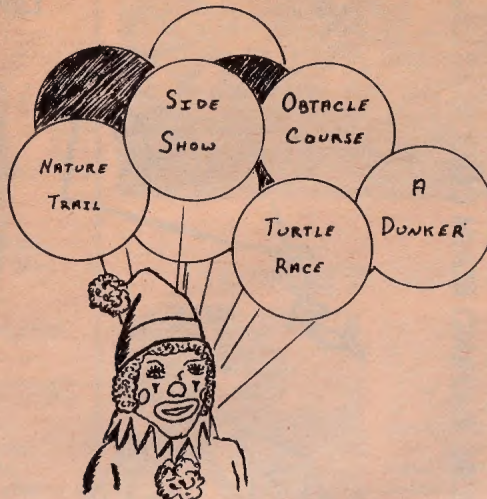

For more information on the Skillorama, and how to participate, call Brock Bigsby (559-0990).

"We're building it as fast thousands of Cub Scouts as we can." Yes, Fort Akela expected to initiate this will be ready for the facility at Camporall.

CAMPORALL HI-LITES!!

National Guard Supports SFTH - The upcoming 1982 Camporall, to be held at the H. Earl Hoover Scout Reservation, June 4, 5, and 6, holds a special meaning for the disabled youngsters from the Rehabilitation Institute of Chicago. As at the two previous Camporalls, the Illinois National Guard will be active in all aspects of the 1982 Camporall.

This year, the Illinois National Guard has extended its services to include a complete "field hospital" for 50-60 physically disabled youngsters from the Rehabilitation Institute of Chicago. The 108th Medical Battalion, located at the Broadway Armory, under the leadership of Lt. Colonel Thomas Harkabus, will provide round-trip transportation, tenting with cots and blankets, feeding, and supervision by National Guardsmen.

The Vice-President and Administrator of the Rehabilitation Institute of Chicago, Edward Eckenhoff, has approved the participation of the disabled youngsters from the Rehabilitation Institute of Chicago. Captain William LaFleur, Commander, 808th Medical Detachment, 108th Medical Battalion, Illinois National Guard, will be coordinating the project.

Captain LaFleur is a 30-year Scout veteran, and a member of the Council Advisory Committee on Scouting for the Handicapped. As of press time, more information is not available.

HANDICAPPED AWARENESS TRAILS:

The 1982 Camporall will have two Handicapped Awareness Trails this year, one at the Cub area. The Scout Trail will be coordinated by Stan Kurakowa and T515, Buddhist Temple of Chicago. The Cub Trail is being coordinated by Pat Morrison, Mary Lou McCloskey, and Nancy Matschilles. The Handicapped Awareness Trails are geared towards able-bodied Cub Scouts and Boy Scouts, who simulate various disabilities and come away with a better awareness of the obstacles that disabled people encounter on a daily basis.

SCOUTING AND THE HEARING IMPAIRED

The Second National Conference on Scouting and the Hearing Impaired will be held at Gallaudet College, Washington, D.C., June 27-29, 1982. Cost of the conference is \$35.00, which includes room, board, and conference materials. Interested persons can contact Bill McCahill at 559-0990.

CACOSH

The March meeting of the Council Advisory Committee on Scouting for the Handicapped was cancelled, due to too many members having calendar conflicts. The next meeting, May 12, at the Rehabilitation Institute of Chicago, will be very important, and all CACOSH members are requested to try and attend.

..CUB DAY CAMP AND SUMMER CAMP

Are still available for your Cubs and Scouts. Simply because many special programs are located in schools, there is no reason that these Cubs and Scouts cannot participate in outdoor adventure. If you are interested in either Cub Day Camp or Summer Camp, call Bill McCahill.

SCOUTS OPEN ILL. IYDP CONFERENCE

The State of Illinois Year-End Conference for the International Year of Disabled Persons was held at McCormick Inn this past March 5, 6, 1982.

Opening the two-day conference was a Boy Scout Color Guard of five Scouts from Troop 402, Christopher School, led by Scoutmaster Ernie Brogmus.

James R. Thompson, Governor of Illinois, took time to stop and chat with all the Scouts.

Following the luncheon, a tour of the Chicago Police headquarters was conducted for the Eagle Scouts.

SCOUTERS ABLE TO EARN CONTINUING EDUCATION UNITS

Beginning this summer, continuing education units will be awarded to adult Scouters who participate in certain Philmont Volunteer Training conferences.

Continuing education units provide a permanent record of the accomplishments of an individual who has completed one or more significant, non-credit educational experiences. They relate only to noncredit continuing education and usually may not be applied directly toward academic credit. Some colleges and universities may assess continuing education credits to be applied toward collegiate goals, however.

The Volunteer Training Service will maintain a permanent record of continuing education units awarded, and transcripts will be available.

Registration for 1982 Philmont conferences is now ahead of registration to date in 1981. At present, ten courses are filled, and names are being accepted on a waiting list. Scouters who have received an invitation to any Philmont conference are advised to reply immediately.

Course subjects and dates have been established for 1983 and 1984. A complete description of all courses will appear in the 1983-84 Program Preview and National Services, to be available this summer.

URGENT APPEAL ...

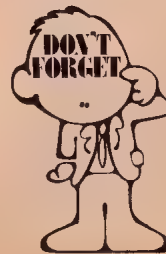

CHAPLAIN NEEDED

The Scout chaplain is the shepherd of the flock and responsible for the supervision of spiritual activities. He can be very helpful to the camp director and his staff in maintaining a climate favorable to moral and spiritual growth.

With mutual acceptance of spiritual concepts, a realization that the group activities of camp life are basic to a positive experience, the use of God's universe as a resource for spiritual insights, and the recognition of the ultimate potential of personalities (staff and campers), the camp director and the chaplain can together make a profound difference in the whole camp atmosphere.

There is no part of camp life to which the chaplain is not related. Wherever there are human relations, there is the chaplain's place.

For over twenty-five consecutive years the Chicago Lutheran Committee on Scouting has provided the chaplain(s) for Camp Owassippe. This year, because of an additional camp, seven camping periods and in consideration of the 1981 work load we will require two chaplains. The cost of one chaplain is covered and the cost of the second chaplain is partially covered by a \$600 matching-gift plan. If you are inclined to financially assist us, please make your checks payable to the Lutheran Committee on Scouting and send them to Mr. J. Chandler, Director of Camping, CAC-BSA, 730 West Lake Street, Chicago, Illinois 60606, or Aart J. Gillissen, Chairman, Lutheran Committee on Scouting, 4134 W. Eddy St., Chicago, IL 60641.

OWASIPPE STAFF ASSOCIATION

ENTERING ITS 5TH YEAR

+++ ITS BACKGROUND +++

The OSA was conceived in 1977 by nine past Staffmen of Owaspippe Scout Reservation who were brought together by a unique brand of camaraderie forged in the forests and fields of "America's Premier Scout Camp" and certainly by their love of that camp in general. The group incorporated in January, 1978 as a legitimate step in establishing a viable and independent fraternity of past staff dedicated to the furtherance of the Scout camping program and facilities of the Chicago Area Council, BSA. Even though it is separate from the Council organization, the OSA exists to serve the outdoor program in a variety of ways.

According to its purpose, the OSA organized solely for that reason to help the camps. However, if it were not for social factors initially motivating the group, the Association would not have begun or would not presently be thriving. What has set the OSA apart from any other group that could have been formed for the same purpose is the strong common bond and similar experiences of its members as camp staff of Owaspippe. It then becomes equally important, if not more so, for the OSA to preserve their social ties and to continue to interact in the camp spirit of fellowship that they knew so well while working for "The Big O".

+++ PURPOSE +++

The Owaspippe Staff Association is organized to provide assistance in the maintenance of and in service to the camping properties of the Chicago Area Council of the Boy Scouts of America as is deemed necessary and-or feasible by the Owaspippe Staff Association above and beyond what the Chicago Area Council, BSA is able to provide.

+++ ORGANIZATION +++

As mentioned earlier, the OSA incorporated in 1978 under the Illinois Not-For-Profit Act. In every instance, the association does not seek to profit by its operation nor does it compensate its directors or members for their work. Service is strictly voluntary. One of its principal concerns is how to help continue or improve the various programs and facilities at camp for the Scouts.

The affairs of the OSA are planned and managed by nine elected directors all of whom once served on the Owaspippe staff. Each director serves a three-year term. Every year, at a general meeting of the membership, three directors are elected providing for a continuous turnover of leadership. These directors then select the four operating officers of President, Vice-President, Secretary and Treasurer all of whom serve in that capacity for one year.

The operating officers and board of directors for this current year are as follows:

- Ronald Kulak ... President
- Joseph Sener ... Vice-President
- Michael Schlagel ... Secretary
- William Lotter ... Treasurer
- Mark Behnke ... Director

- Patrick Monahan ... Director
- Philip Niziol ... Director
- B. Christine Sanchez ... Director
- Gordon Stiefel ... Director

Gavel passes from Jack Norman (l.) to 1982 OSA President, Ron Kulak.

+++ MEMBERSHIP +++

The OSA is comprised of individuals who firmly believe in the ideals of Scout camping and who have a genuine interest in maintaining and upgrading the Scout outdoor program whose heritage they share. The primary focus of involvement is for past or present staff of Owaspippe ... it is a "staff association", however, other avenues of membership are available for those who did not have the good fortune of being on staff but who have contributed directly to the camping program in some other meaningful way.

Membership is approximately 250, a small but closely knit group. Thirty percent of its present membership joined in the past year. It is estimated that as many as 10,000 different people have worked on staff at Owaspippe since it was founded in 1910. Obviously, there is great potential for growth. The difficulty is locating prospective members and telling them of the organization's existence.

The OSA is an adult fraternity and requires that the minimum age be 21 to join. Two types of members may join:

— Staff Member: those who were employed by Owaspippe Scout Reservation for at least two years.

— Associate Member: those who served on the Owaspippe Staff for a shorter term, took a unit to camp, or volunteered their service to the camping program or properties in some direct and meaningful way.

A nominal fee is charged for membership and is set annually by the board of directors.

First Of New OSA T-Shirts Goes To Scout Executive Ed Jacobs.

+++ ACTIVITIES +++

The organization is occupied during the year with an assortment of both social and service activities. At least two service weekends (Fix-It) are held annually along with its Annual Dinner-Dance, Post Camp Picnic, Fall Family Weekend at Owaspippe, and November Pizza Night. New this year is an outing at White Sox Park in July. A garage sale is also planned to occur on Saturday, June 12, the proceeds of which will be used in the purchase of camp equipment.

A newsletter, "Vibrations", is published quarterly covering camp affairs and information regarding activities and members. For the third consecutive year, the OSA will engage in conducting a post camp survey of camp unit leaders to identify strengths and weaknesses in camp operations so that the Council can be in a better position to improve its service at Owaspippe. The association is also actively collecting donations of money and materials to build at least one regional shower facility at Owaspippe, the construction of which has already begun at Camp Wolverine and will approximately cost \$4,500.

OTHER HIGHLIGHTS OF THE PAST YEAR

— Contributed over 800 man-hours of volunteer service to Owaspippe during the spring and fall Fix-It, which does not include the countless hours volunteered by many of the members on an individual basis for the benefit of the camps.

Preparing a new roof for OSR's Administration Center.

Information on joining the OSA may be obtained by writing to the Owaspippe Staff Assoc., P.O. Box 97, Westchester, Ill. 60153 or by calling the President, Ronald Kulak, at 387-0428.

— Donated tools valued at \$200 to the near-in camps of Ft. Dearborn, Hoover and Kiwanis.

— Provided 18 "Coast Guard Approved" lifejackets for the Owaspippe Pack 'N Paddle program through the collection of S&H Green Stamps.

— Provided use of and installed military field phones for emergency communication between the staff lodge and waterfront of Camp Robert Crown.

— Helped in the funding of the Owaspippe 70th Anniversary "special edition" of The Muskegon Observer.

— Donated nearly 60 tools and other materials to Owaspippe valued at roughly \$600 as a result of its successful spring garage sale.

— Sponsored the largest attended picnic ever at Evans Field drawing over 200 people.

INT'L LETTER XCHANGE

"Big Blue Marble"

Dear Brother Scout:

Your recent request to be a part of the INTERNATIONAL LETTER EXCHANGE (Pen Pal) program of the Boy Scouts of America has been received. We are very glad that you wish to be a part of this project designed to further the idea of World Scout Brotherhood. This idea can be carried on in many ways beyond the exchange of letters once you have established the overseas contact.

The response to the International Letter Exchange program has been overwhelming. Thousands of requests have been received and an attempt has been made to link each individual with a Scout or Cub overseas. These many requests have developed into a real problem for many of the overseas Scout Associations, and they tell us that they will not be able to honor future requests for an undetermined period of time. We must remember that they have a responsibility for finding linkups for other Scout Associations around the world and not only for the Boy Scouts of America.

We are so convinced that a letter exchange with a boy overseas is so important in the life of a member of the Boy Scouts of America, that we explored avenues whereby these correspondence requests could be honored by non-Scout youth around the world.

We have been working with the "BIG BLUE MARBLE" and became a partner in the "Dear Pen Pal" segment of the show. This gives us a very wide listing of overseas youth.

The "Dear Pen Pal" segment of the BIG BLUE MARBLE broadcast is most meaningful because it involves the boy directly with a specific boy overseas. The contact is not dependent upon an organizational intermediary.

The boy's request will be matched with another youth of same age and interests by computer and he will be given by personal direct mail the actual name and address of an overseas pen pal he can write to. If in a few weeks he does not hear from his correspondent, a new contact will be furnished. There will be every attempt to establish a Scouting contact as far as it is possible.

This is how the cooperative program will work:

1. List the names of boys, addresses, and zips. For each boy indicate age, Scouting affiliation and special hobby interests.
2. Send the list to BIG BLUE MARBLE, Pen Pal, Dept. WS, Box 4054, Santa Barbara Ca 93103. We are assured by Big Blue Marble that each boy will receive a notice listing a name and address of a bonafide overseas pen pal, as soon as possible.

It is our feeling that this service will make our program much more vital and prevent disappointments of boys awaiting a correspondence linkup because of the limited listings that we are able to receive from Scout sources overseas.

We urge you to learn more about the BIG BLUE MARBLE by looking in the TV show listing for their weekly program that is featured in most of the networks around the country.
